

Physicians' Portal - Added Subsite, Pages and Changed User Flow

Legend

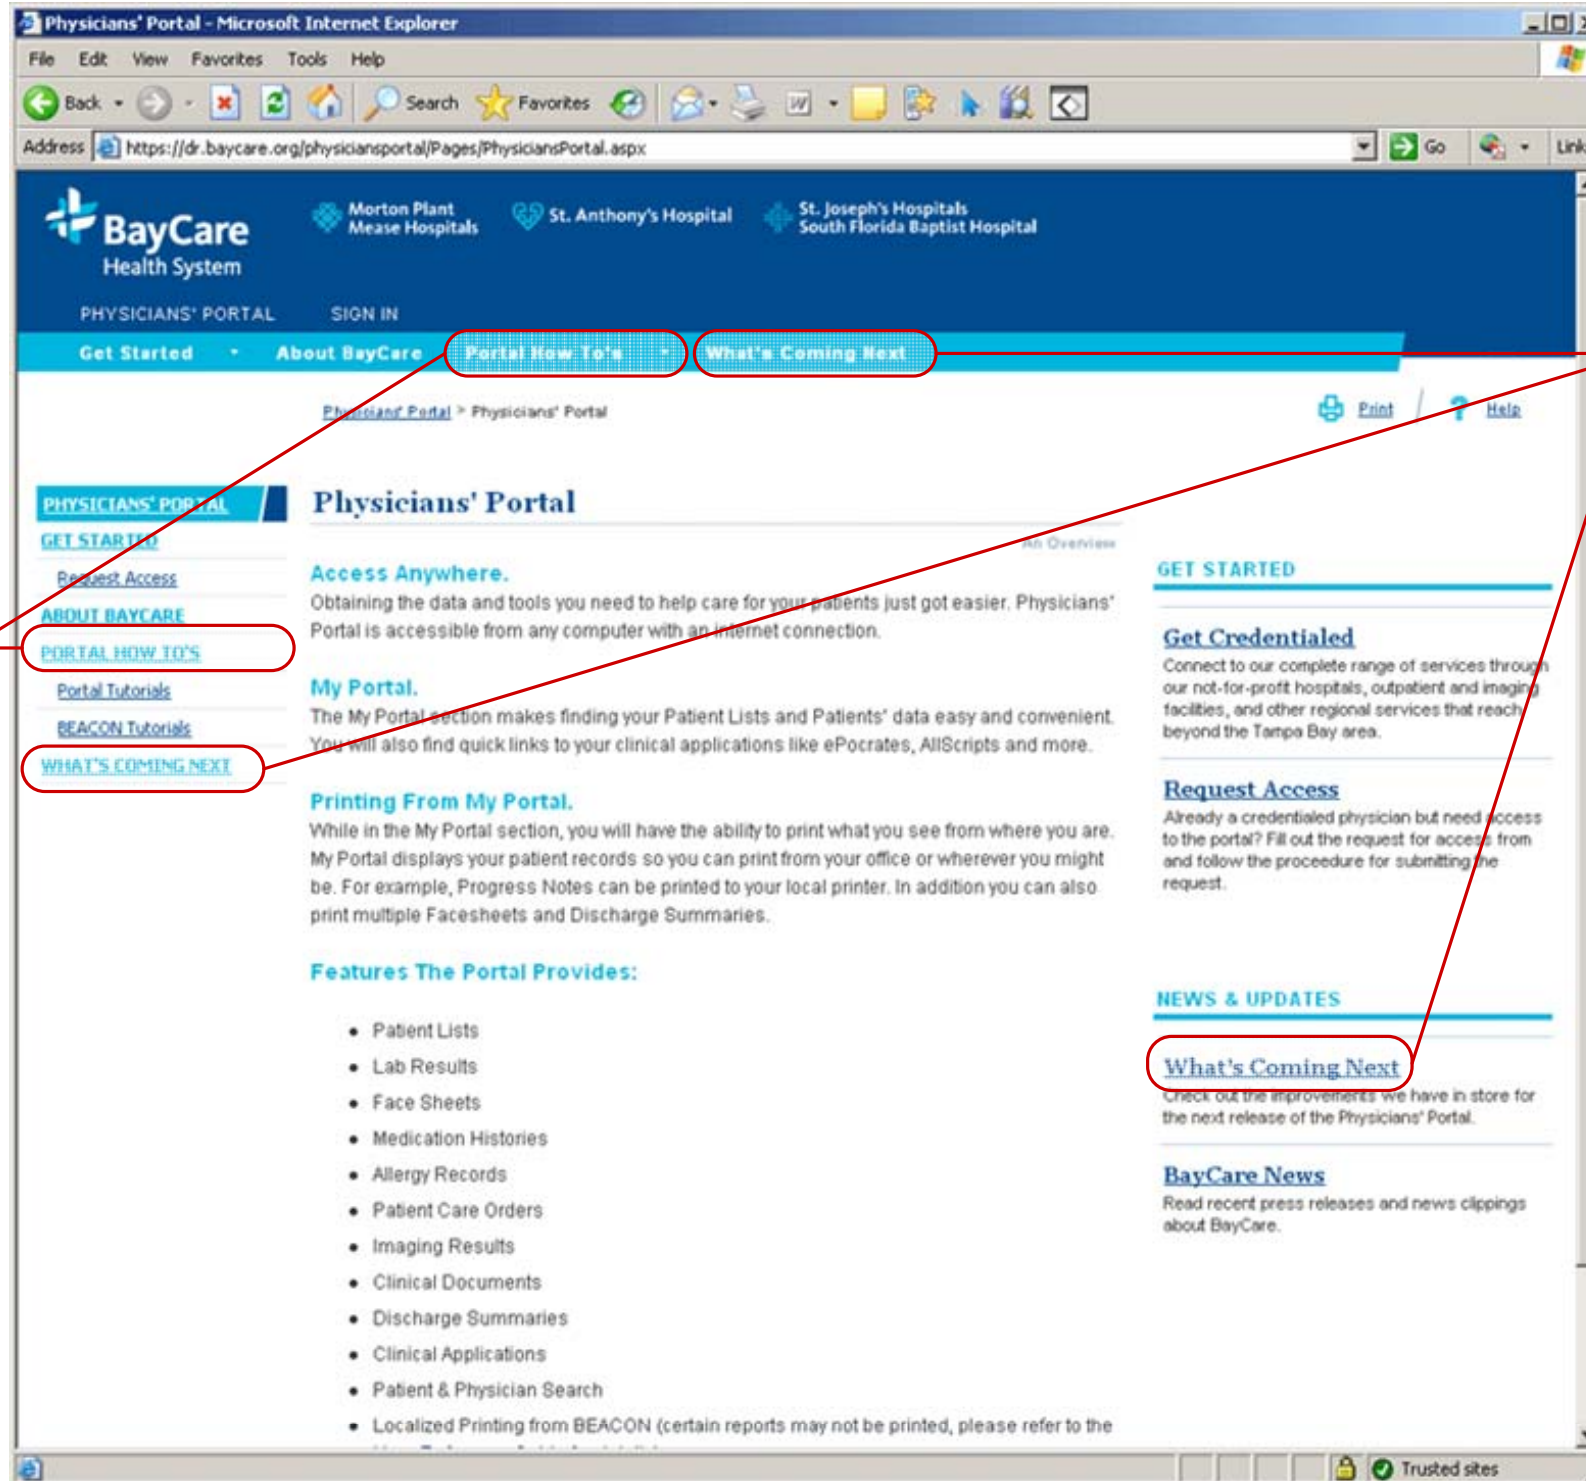

Physicians' Portal –
Added Subsite/Pages and Changed
User Flow

Changes to: About Physicians' Portal

Public Home page
(http://dr.baycare.org)

Now Links to What's Coming Next Page
under the About Physicians' Portal subsite.

Physicians' Portal –
Added Subsite/Pages and Changed
User Flow

About Physicians' Portal
(http://dr.baycare.org)

New Page Added: "What's Coming Next".
This page was added to facilitate an
anonymous way to access planned
changes/improvements to the system,
as well as, provided a better format for
displaying the information.

Added Subsite "Portal How To's":
Contains all Help Documentation for the site
in an easy to find anonymous section.
Contains the following:
- Portal Tutorials
- BEACON Tutorials
- User Reference Guide
- Known Issues
- Portal FAQs

What's Coming Next

Physicians' Portal –
Added Subsite/Pages and Changed User
Flow

My Portal Home Page
(https://dr-s.baycare.org/myportal/Pages/
myportal.aspx)

Side Navigation Added. This will include
the My Resources Link when it goes live.

Feature Focused Links:
This area of links provides another way for
users to quickly navigate to their areas of
interest or areas of high use. Specifically
My Patient List and Patient Search

Link to New Subsite Added: My Resources
Subsite Link will be available here.

System Announcements specifically
related to planned Downtimes and
Performance based issues

New Links List: Portal How To's
List provides direct links to the help
resources found in the "Portal How To's
Subsite.
